COMPLIMENT/COMPLAINT FORM

The Toppenish Police Department encourages feedback from the community. This form and your identifying information are not required to provide feedback to us. All compliments and complaints will be accepted whether provided verbally or in writing. If a complaint is filed, a department member assigned by the Chief of Police gathers all relevant information regarding the allegation, and you may be contacted as well. Once the investigation is complete, the Chief of Police will notify you of a finding. However, by Washington State Labor rules and collective bargaining agreements, that action may not be available to the public. Your contact information is not required but is requested so we may follow-up with you.
